

LittleGIANT®

MAIN DRAIN POOL PUMP

With a continuous duty rating, the Little Giant Main Drain pump's powerful submersible design quickly removes a pool of standing water for professional swimming pool maintenance.

FEATURES & BENEFITS

- 1. Built Like a Little Giant:** Durable body helps prolong the life of the pump
- 2. Speed Meets Performance:** The 3/4 horsepower, PSC motor drains water quickly at over 4000 gph, making fast work of even large pools.
- 3. Durable Components:** The chemical resistant, FKM triple-lip seal is tough enough to withstand the harsh chemicals used in pools.
- 4. Tackles Tough Pool Maintenance Needs:** Universal bottom inlet screen fits inside most swimming pool main drains
- 5. Easy-to-use Adapters & Discharge:** Includes a 1/4-inch FNPT discharge, 3/4-inch garden hose adapter and 1 1/2-inch diameter hose barb adapter.
- 6. Rugged Design:** The extra-long 25-foot cord is secured to the built-in handle to help prevent disconnection from the housing.

4 Standard Main Drains
(Not included)

5 Adapters
