Features and Benefits

212cc OHV engine

98-ft. max. total head

23-ft. max. suction lift

5/8-in. solids capacity

Corrosion-resistant aluminum pump housing

Product Specifications

Equipment Type Pump (Semi-trash)

Discharge Capacity 236 Gal/min

Discharge Port Diameter 3 In. Npt

Displacement 212cc

Dry Weight 71 Lbs

Engine Dh212

Engine Brand Powerhorse

Fuel Capacity for Burner 2.9 Gal.

Impeller Cast Iron

Mechanical Seal (Pump Case/Impeller) Silicone Carbide

Motor Power 6 Hp

Pressure 43.5 Psi

Pump Type Semi-trash

Run Time 5.2 Hrs

SKU 750124.POW

Solids Handling 5/8 In.

Suction Head Lift 23 Ft.

Suction Port Diameter 3 In. Npt

Total Head Lift 98 Ft.
